

# Erosion Control BLANKET

UNIT 3-325 PARKDALE ROAD, ST. ANDREWS, MB RIA 3N9 CANADA  
PHONE: 204-477-1700 • FAX: 204-231-8134

## YOUR ADVANTAGE

In addition to saving material cost the 16 foot blanket reduces overlap and installation time which lowers operational cost. Therefore, buy LESS blanket to cover the same area.

## COST SAVINGS

Save over 1.5 cents per square yard from simply using a 16 foot blanket vs a 6.6 foot blanket.

LESS cost due to  
LESS overlap and  
improved installation efficiency  
over 30%

**= LARGE SAVINGS!**

## EASY TO HANDLE

Packaging and stiffness of rolls allow for ease of handling with machines and one man operation. Roll out up to 1000 square yards with one kick!

## The 16 Foot Blanket Advantage

### TESTIMONIAL:

“We prefer to use their 16 foot blanket when we can as it handles well, there’s less waste due to overlap and our production rate increases substantially.”

DON GRANDAHL — SHERBROOK TURF, PELICAN RAPIDS, MINNESOTA
